

OFIL QUALITY & FOOD SAFETY POLICY

Oriental Foods Industry Limited, located in Km 14 New Ibadan-Lagos Expressway, Oluyole Local Government, Ibadan, places utmost commitment to providing safe and healthy foods to our customers and consumers. We focus on manufacturing food products to the highest standards using quality ingredients and complying with all relevant statutory and regulatory requirements. We actively imbibe the culture of quality and food safety through strategic initiatives by providing resources for implementing and maintaining food safety management systems (FSSC 22000 scheme), good manufacturing practices (GMP), and pre-requisite programs. We regularly review our key objectives and metrics for food safety management systems, develop standard operating procedures, and expect high standards from suppliers and contractors. Our food safety strategies and performance internally and externally are communicated and aim to reduce food loss and waste through supply chain optimization and education.
